

GOOD NEWS...The Children's Health Program is back in January 2006!

What is the Children's Health Program?

A program that gives medical coverage to non-citizen children under the age of 18 who cannot get other medical coverage because of immigration status.
Our records show that you have children that may be able to get this medical coverage.

When can I apply?

Between December 1, 2005 and December 16th.

Applications received before this date will be denied.

We will only be able to sign up about 4,300 children during the first 6 months. All other children applying will be placed on a wait list.
